Topic	Notes
1. Winter Academic Meeting and Data	<p>Superintendent Heather Kronewetter shared data that she presented at the Winter Academic Meeting attended by 3 Sponsor Liaisons and 2 members of the State Support Team. Kronewetter noted that the SST members noted how detailed the presentation was and gave objective, positive feedback. While Math and ELA post winter break assessments always show some decline, Kronewetter also noted significant growth in 6th grade results after the teacher aligned instruction to weak areas from the fall resulting in the improvements in the next testing cycle.</p> <p>Kronewetter was commended for her good work.</p>
2. Additional Updates	None at this time
