3. Update on Superintendent's Goal Progress	Will provide a new update for Q4 in the summer before evaluation due. See goals document for Q3 updates. Will update goals to include initiative that uses wellness funds for remote students, since they progress academically but lag socially/behaviorally. Extended Learning Plan to begin in summer to fulfill requirement for these students – Heather will present information at March Board meeting.
4. Update on Final Professional Development for Feb/March	Cindy Eldridge (ESC) and the OCS staff met for professional development on Friday, March 12 th . Staff used elements of the Power Standards to identify 10-12 most important standards (per grade level for English and for Math. They then begin creating a 10-point growth scale (to be assessed 3 times per year) for each standard – this will also be used in data tracking. Because it is an intensive process, the staff will have weekly sessions to work on this project, starting with Math for each grade. Meeting with Cindy again on March 26. Will work on this into the summer.
5. Update on Internal Tracking System development with ESC	ESC (led by Tom Reed) is still working on development of a data tracking system that demonstrates what students are learning and what progress they are making for the 2021-22 academic year. OCS team was shown the first iteration of this data tracking prototype, which resulted in further discussion on re-tooling the tool. Tool should focus on assessing for growth (versus for mastery) to best illustrate OCS student progress. Tool also needs to be easy for staff to use. ESC is now working on revisions to prototype.
